Connected Assessment and Tutoring

Empowering Reading Mastery

The Experience:

Amira listens while a student reads out loud and measures the student’s fluency to the millisecond to assess fluency and detect dyslexia risk.

Then, the student is placed into differentiated 1:1 reading tutoring based on their assessment results.

Rooted in decades of research and development, Amira Learning is the first program of its kind to support all five pillars of reading.

New! Amira is available en español.

[Learn More](#)

Amira Learning intelligently automates reading assessment, progress monitoring, dyslexia risk screening, and 1:1 reading tutoring to support reading mastery for all students.

Supporting Teachers

The Teacher's Reading Assistant

The Benefits:

Amira automates oral reading fluency, dyslexia risk screening, and running records to save teachers 90+ hours each year.

The entire class can be screened in fewer than 11 minutes in a 1:1 classroom, and tutoring with Amira can happen anywhere with an internet connection.

The Results:

More time for teachers to connect with students, scalable 1:1 reading tutoring, and motivated, masterful readers.

Hear from Principal Jaclyn Brown Wright about how Amira improved student outcomes in her school.

Proven Efficacy

Rooted in the Science of Reading

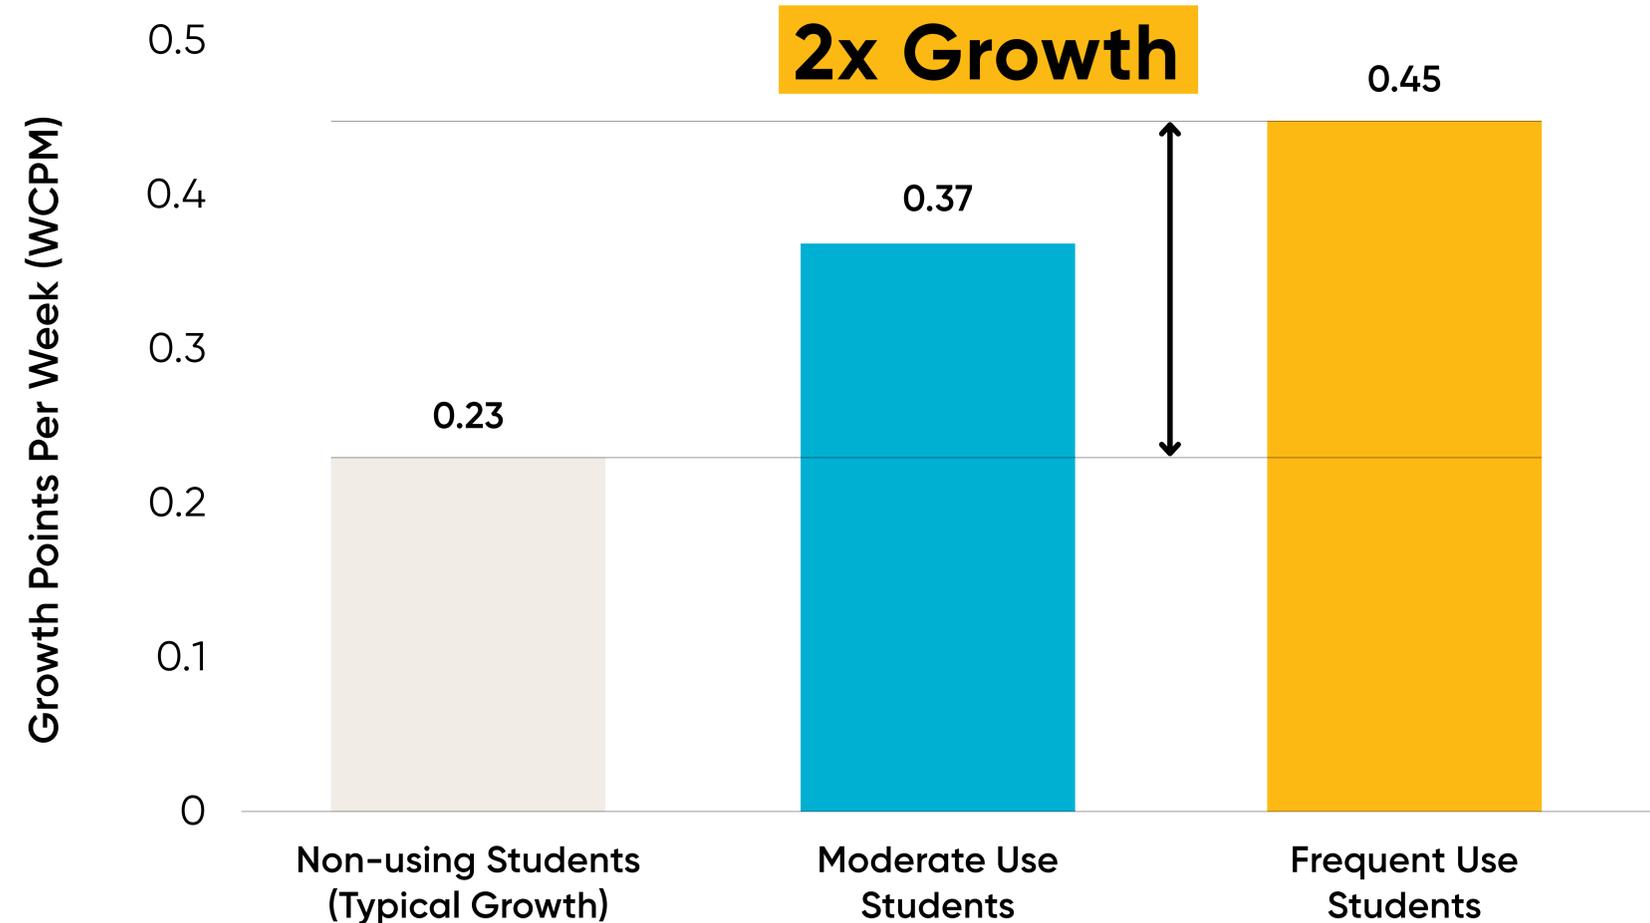

The Stats:

300+ schools in the nation are benefiting from Amira's tutoring efficacy. And Amira meets ESSA Strong evidence criteria.

The Research:

Did you know... Amira's tutoring is shown to be more effective than human tutoring for EL students? Explore Amira Learning's Research Foundations paper.

Students who frequently used Amira in Savannah-Chatham Schools showed twice as much weekly growth as students who didn't use Amira.

Building Reading Mastery

Accelerating Skilled Reading

The Reading Rope and the Science of Reading:

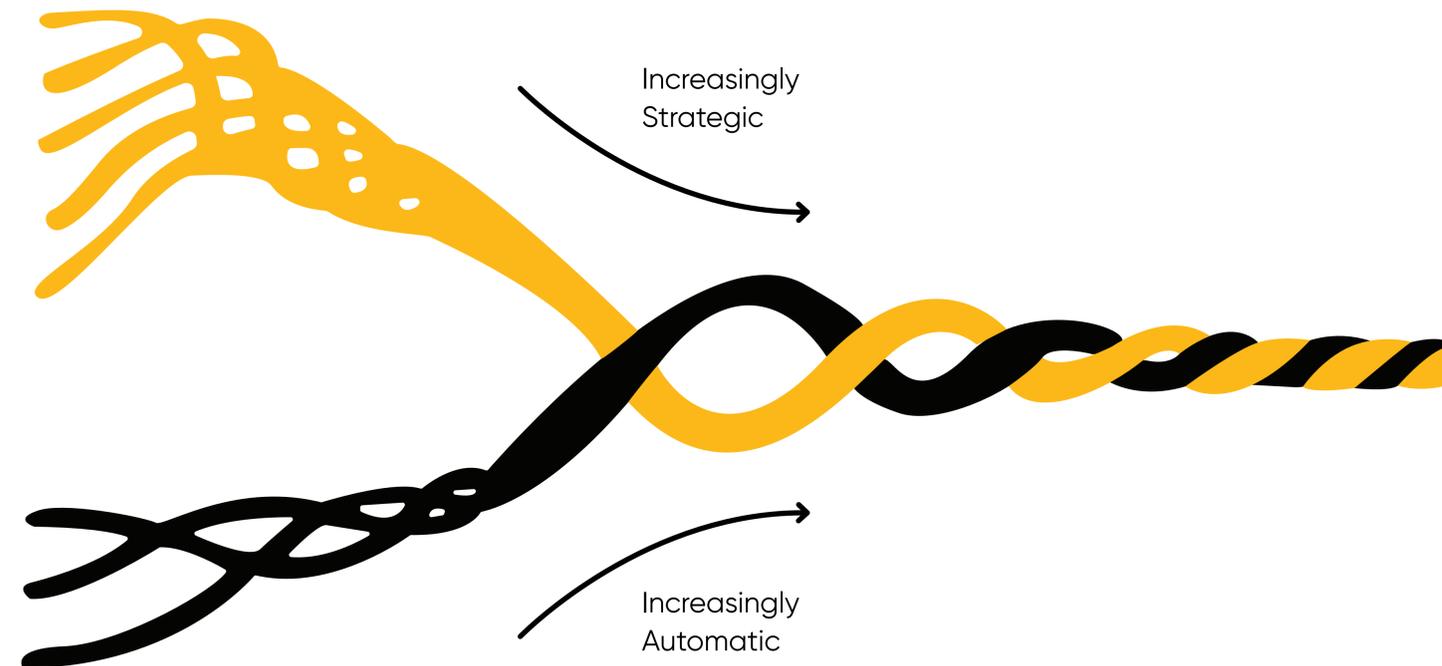

The Reading Rope illustrates that reading is a multi-faceted skill, gradually acquired over years and years of practice.

By tutoring students 1:1 using proven interventions like reading along, lip-syncing, and rhyming words, Amira helps students to establish the building blocks they need to achieve:

- Language Comprehension
- Word Recognition
- Skilled Reading

Language Comprehension

- Background Knowledge
- Vocabulary Knowledge
- Language Structures
- Verbal Reasoning
- Literacy Knowledge

Word Recognition

- Phonological Awareness
- Decoding (and Spelling)
- Sight Recognition

Skilled Reading

Fluent execution and coordination of word recognition and text comprehension

With Amira Learning, students master word recognition and language comprehension to become skilled readers.

Tutoring Micro-Interventions

The Right Intervention At The Right Moment

The Tutoring:

Every time a student reads with Amira, Amira is listening and learning. And when the student misreads a word, Amira's analyzes the situation to determine:

- What word was missed?
- Is the student frustrated?
- What's the best micro-intervention to support the student in this moment?

Then, Amira delivers a supportive micro-intervention to the student to keep him reading (and building reading mastery)!

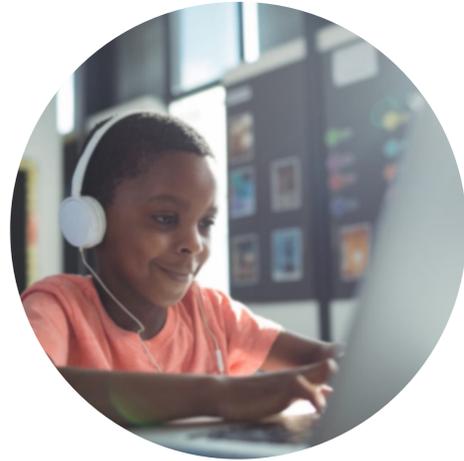

The Experience:

Students who practice reading with Amira receive a patient and personalized tutor that adapts in real-time to meet their needs.

This gives teachers more time to:

- Provide small group instruction
- Meet with students 1:1 to accelerate reading mastery
- Connect with students on a personal level

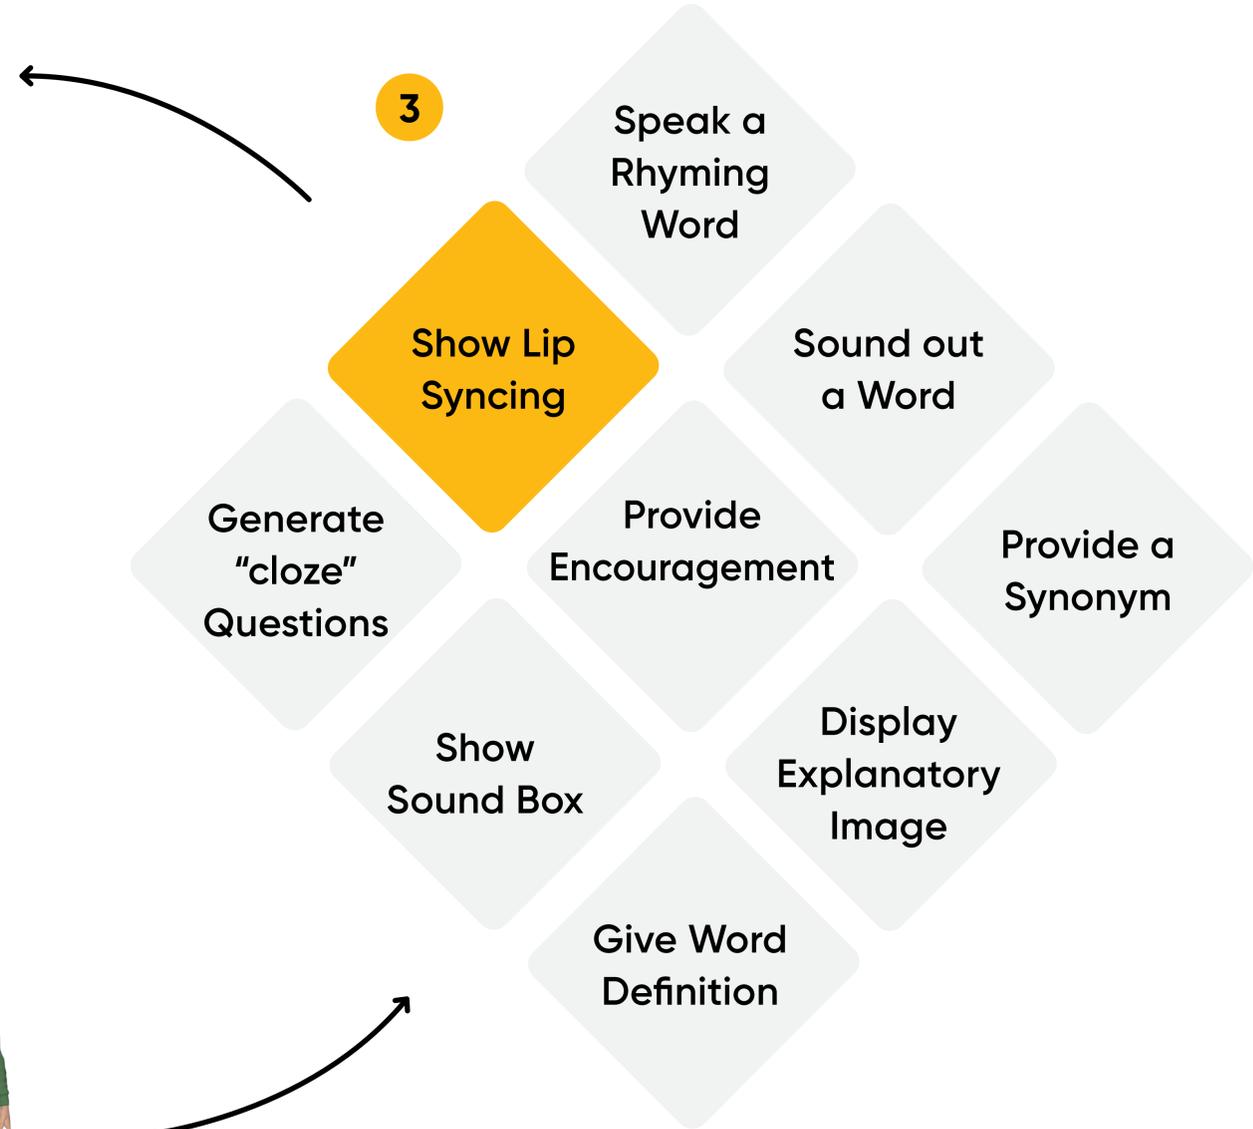

1
Student misreads a word

Amira delivers the most relevant micro-intervention to the student

2
Amira intelligently analyzes the misread word and student's needs

Amira Learning intelligently automates reading assessment, progress monitoring, dyslexia risk screening, and 1:1 reading tutoring to support reading mastery for all students.

Oral Reading Fluency Assessment

Accurate, Reliable, Efficient

What Amira Assesses:

Amira Learning's oral reading fluency assessment can be administered from anywhere with an internet connection and assesses for the below elements of reading fluency:

- Listening & Reading Comprehension
- Oral Reading Fluency
- Phonemic Awareness
- Phonemic Segmentation & Blending
- Dyslexia Risk
- Letter Naming & Letter Sounds
- Nonsense Word Fluency
- Vocabulary

Automated Running Records

Save time and paperwork

Benefits for the Teacher:

By automating reading fluency assessments and dyslexia risk screening, the teacher reclaims 90+ hours each school year. Amira also supports the teacher by:

- Automatically creating running records
- Recording the assessment for later review and updating
- Automating reporting, including nationally-normed benchmarking
- Creating parent reports to facilitate at-home reading

Comfortable Student Experience

1:1 Reading Tutoring

Benefits for the Student:

- Consistent test administration experience every time
- Speedy testing takes fewer than nine minutes for most students
- Available from anywhere with an internet connection
- New assessment available for grades 4-5 and en español for K-5

Amira's oral reading fluency assessment includes dyslexia risk screening and only takes 7-9 minutes for most students.

Dyslexia Risk Screening

Universal Screening In Minutes

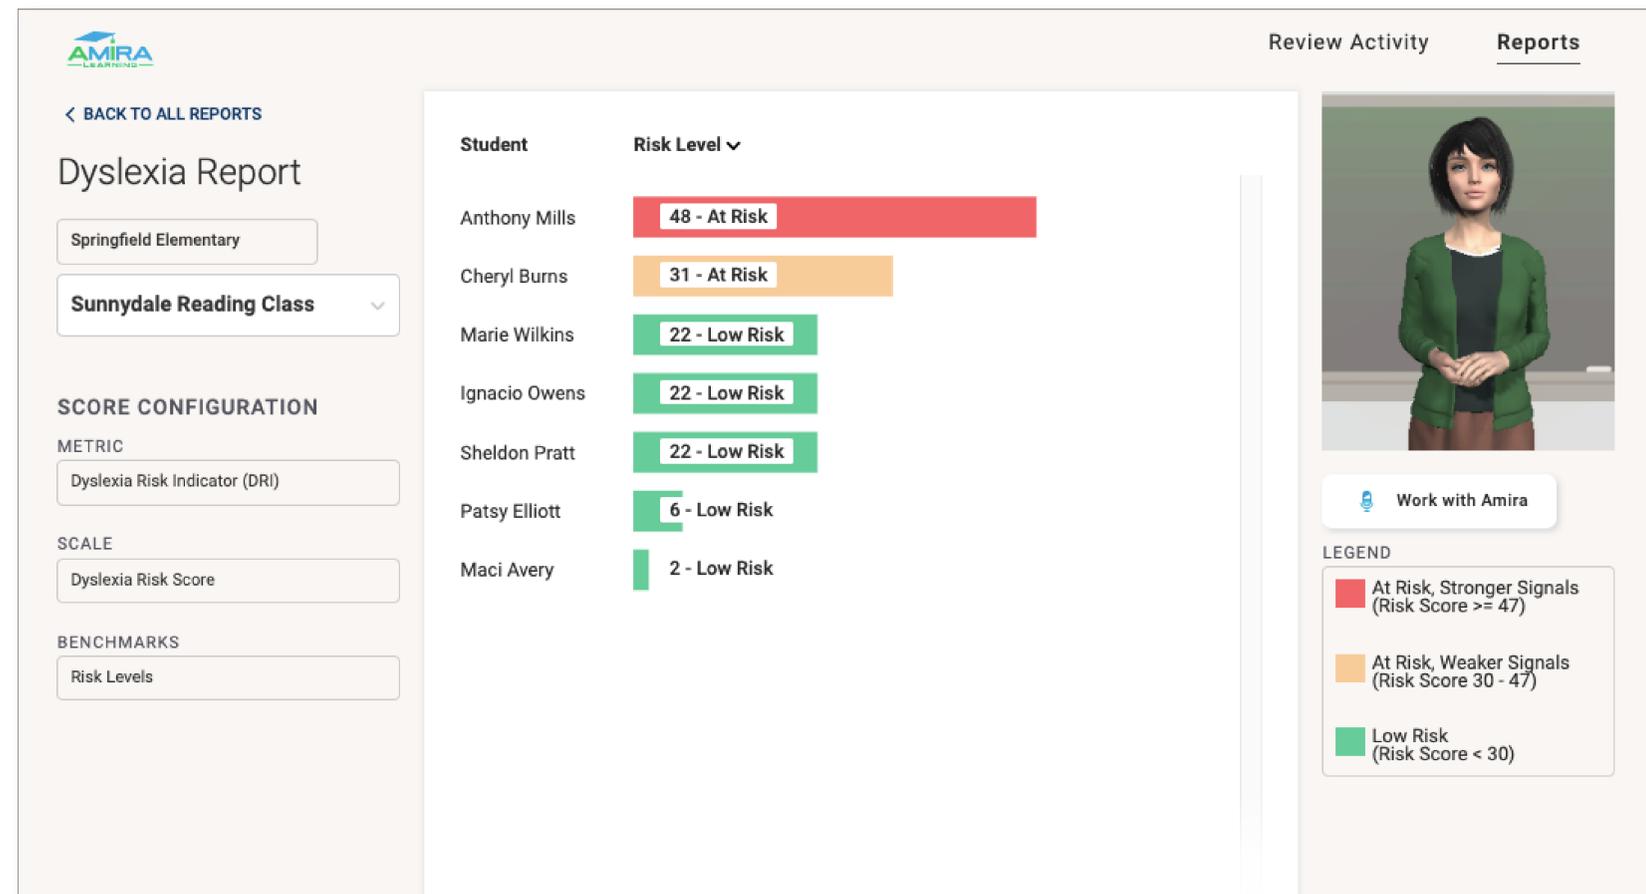

How It Works

Amira's dyslexia screener utilizes rapid automatized naming (RAN) and employs multiple techniques found to be reliable indicators of brain function associated with dyslexia.

The report uses color-coded bars to easily alert the teacher which students would benefit from additional screening.

Watch the Video

Amira measures students' responses, noting pauses to the micro-second, to accurately detect dyslexia risk.

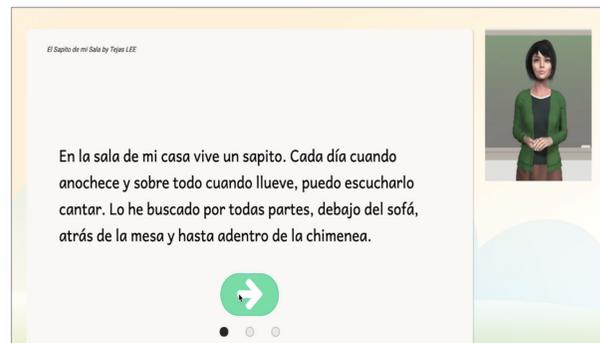

New! Amira en Español

Equitable Assessment And Tutoring For Spanish-Speaking Students

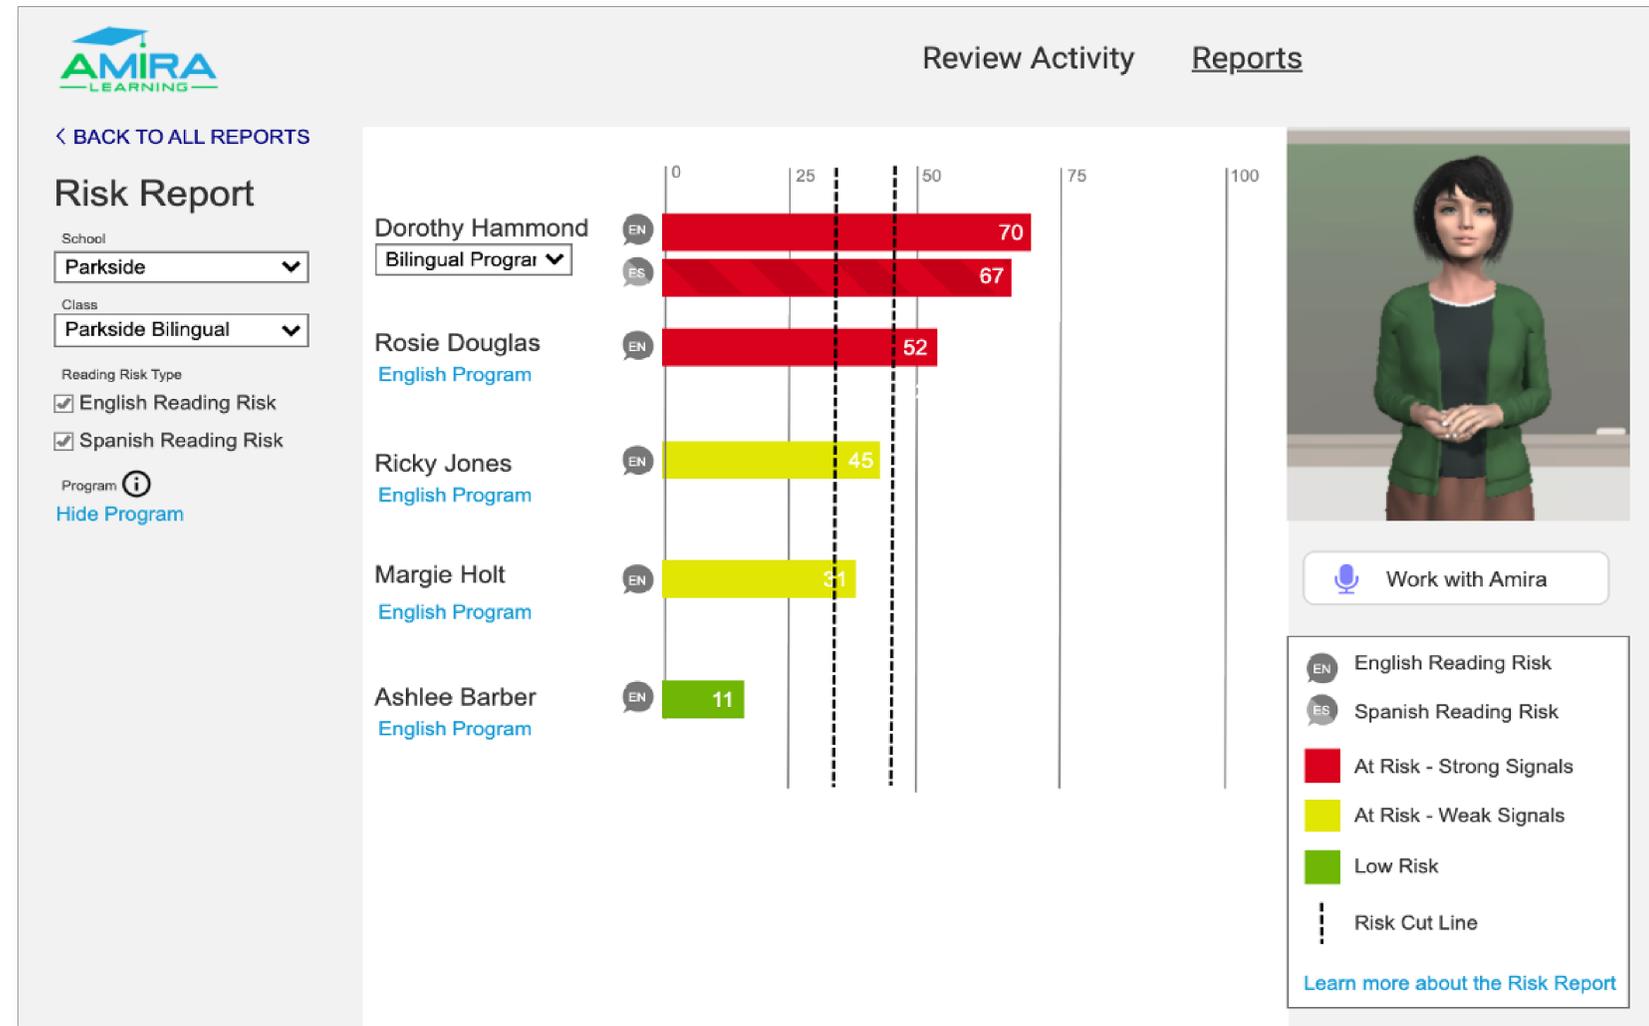

K-5 Spanish Features:

Amira in Spanish is a customizable program feature that supports Spanish-speaking students. Included with all Amira subscriptions, this feature provides:

- Comprehensive assessment of Spanish reading mastery
- Dyslexia risk screening using Spanish items
- Spanish passages from the Tejas Lee
- 1:1 reading tutoring in Spanish

Accurately and reliably screen Spanish-speaking students. Amira will administer the assessment and provide 1:1 tutoring in Spanish.

New! Amira For Grades 4-5

Effective Reading Assessment And Tutoring

Amira Learning for grades 4-5 provides high-interest texts to engage upper elementary readers.

Features:

Now, students in grades 4-5 can benefit from reliable assessment and 1:1 reading tutoring. Featuring compelling, age-appropriate texts, Amira offers students in grades 4-5:

- Universal Screener
- Dyslexia Screener
- Progress Monitor
- 1:1 Reading Tutoring
- High Interest/Differentiated Texts

Ideal for students who:

- Are reading below grade level proficiency;
- Want to engage with high interest texts with low difficulty; and
- Would benefit from universal screening and progress monitoring.

Teacher Reporting

Actionable, Real-Time Data

Teacher Reporting Overview:

Automated reporting gives teachers more time to work 1:1 with students. And benchmarking against national, state, and local norms is available within a few clicks.

- **Running Record:** Displays ORF assessment results, scored, on a single screen
- **Tracking Report:** View a class's ORF scores and easily assign the assessment
- **Benchmark Report:** Compare students' fluency against national, state, or local norms
- **Progress Report:** View the performance of a student over time
- **Diagnostic Report:** Provides detailed information about individual student skills
- **Dyslexia Report:** Puts universal dyslexia screening within reach
- **Parent Report:** Provides a snapshot of the status of a student in a moment in time.

Data to Inform Instruction

Nationally-Normed Benchmarking

Amira's reporting provides meaningful metrics and scales that inform instruction.

New! District Leader Reporting

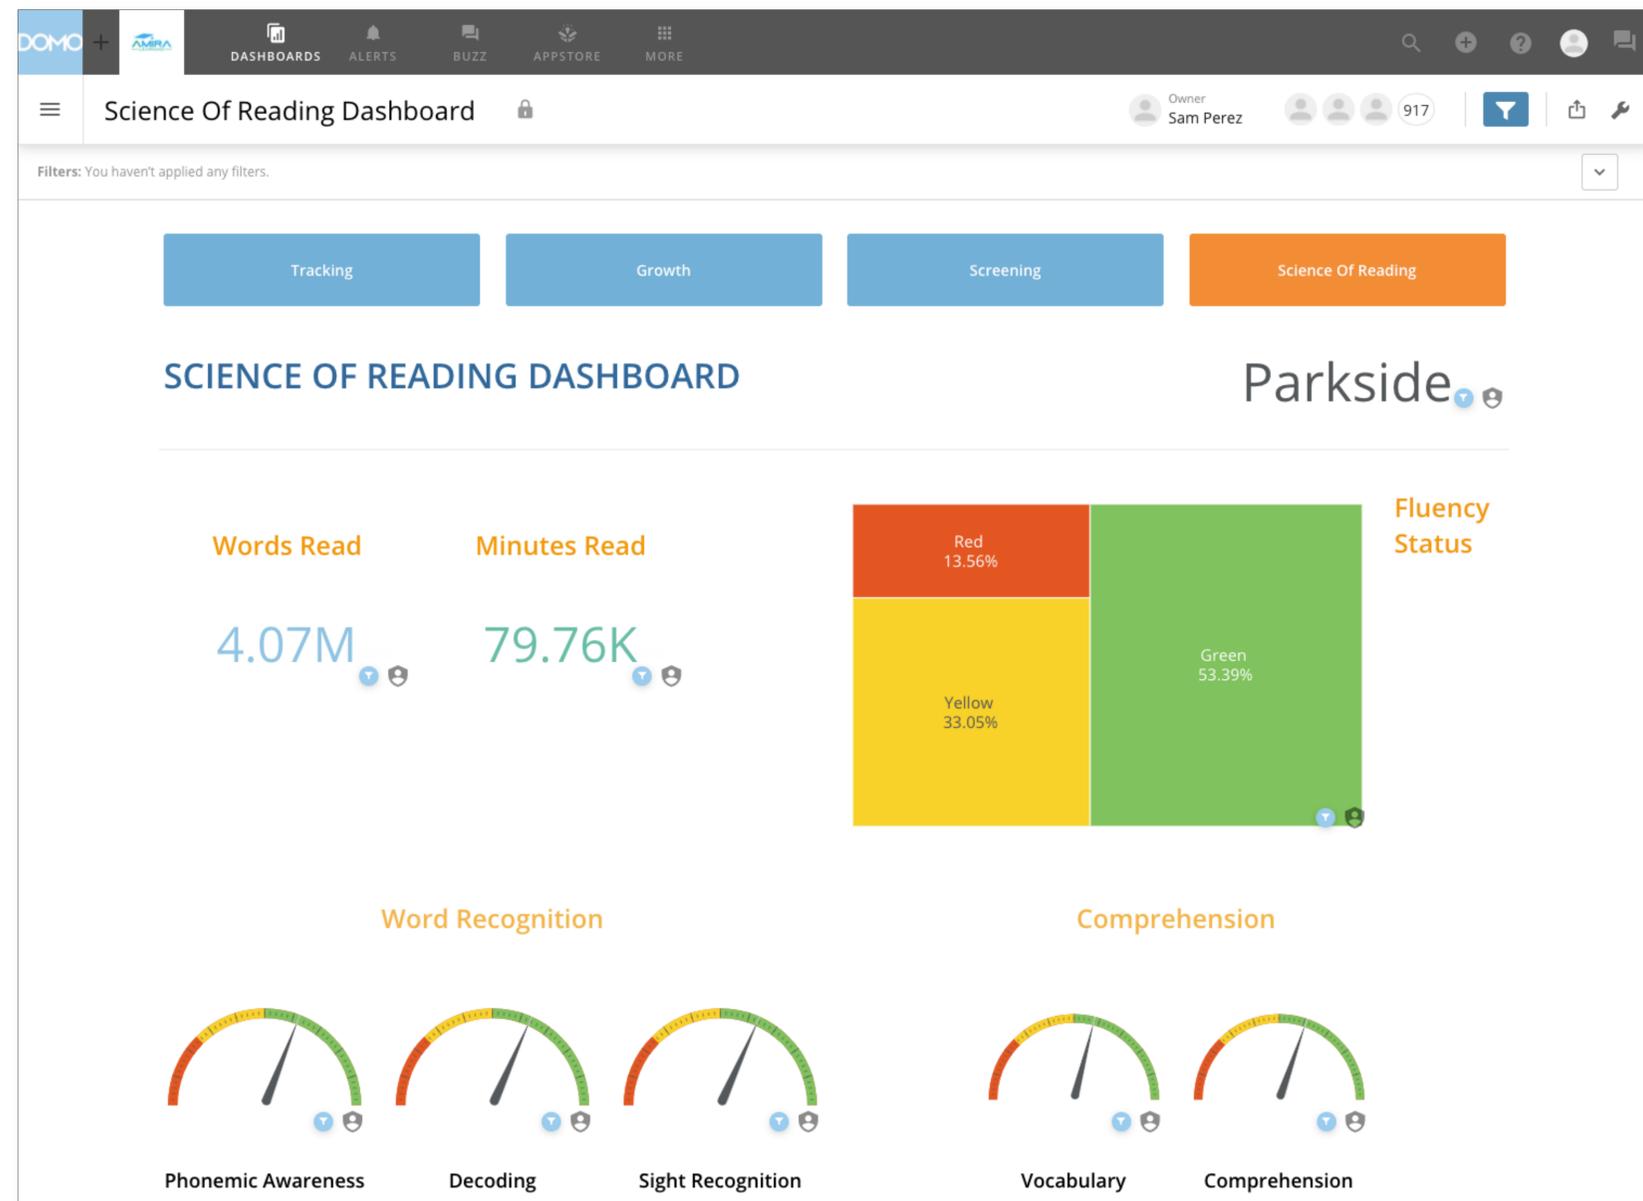

Interactive Dashboards Provide Real-Time Insights

District Reporting Overview:

New! Leaders, view real-time data across schools, grades, and classes. Monitor reading fluency growth over time and correlate it with Amira program usage to measure efficacy.

- **Tracking Dashboard:** Shows real-time data to support planning and instructional decisions. Filterable by school, grade level, and classroom
- **Science of Reading Dashboard:** Displays student fluency within 5 Pillars of Reading. Drill-into data to view by school and classroom
- **Growth Dashboard:** Enables monitoring of growth from assessment to assessment. Displays reading fluency growth and program usage
- **Screening Dashboard:** Indicates which students would benefit from additional dyslexia screening
